Test Manager

The Test Manager is a tool that facilitates the administration of online assessments. Using this option, assessments are assigned to students.

To assign assessments, you need to:

- Select the product to assign.
- Select the assessment to assign.
- Click on Assign Select Content.
- A window will open where you should enter the following information:
 - Title.
 - Instructions.
 - Start and end date and time.
 - Specify whether the content should be completed in order or not.
 - Select the students.
 - Click on Submit.

If you have any additional questions, please refer to the Frequently Asked Questions section: [Click on here](#)
