Communication takes place through the platform where students interact by responding to what the teacher has posted. They can also reply to their peers' comments, and these messages may include images, videos, lists, and more.

With the help of the toolbar, you can format your responses as desired, including font type, size, color, and more.

To get started, follow these steps:

- 1. Click on New Topic.
- 2. In the popup window, enter the **Title**, **Message**, and select the **Label** and **Archive** the message (only if required).
- 3. Use the **Toolbar** to enhance the formatting of your message.
- 4. Click on Create.

The created messages will be visible on the home screen. You can **Edit** them (pencil icon) or **Delete** them (trash can icon) by selecting the corresponding option.

When there is a response to the posted message, it will be notified in the text bubble next to the task title.
