## Add Student

### What is Add Student?

You can track the progress of as many children as you need to. **Add Student** allows you to start tracking a new student.

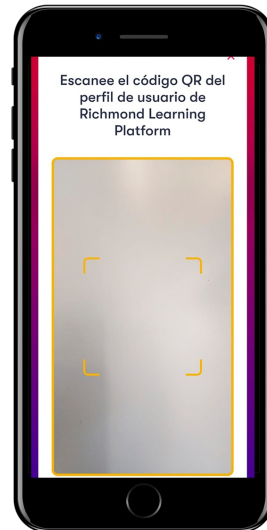

### Where can I find Add Student?

1. Click on **Add Student** and enter the new student's ID.

Enter the students' ID view

Scan QR Code view

You will then be able to see the added student's name on the main page. Simply click on the name to start monitoring progress.

Your browser does not support HTML5 video.

Click to Play the video.

Check [Parents' Login](#) for more information.
