## Reports

[Leer artículo en español](#)

## Reports

Here, detailed reports on students' academic performance are generated. These reports provide a comprehensive view of their performance in different areas and activities.

### Can I review the general information and by student?

Yes, in this section, the information is presented averaged by student, by learning area, as well as the specific reports of the course, including diagnostic and practice tests. Each of these reports is available for download in PDF format.

To obtain a consolidated report, you can use the "Download Markbook" option, which allows you to obtain all the information in Excel format conveniently.

Select a time range to obtain specific reports.

## iRead

[Leer artículo en español](#)

### iRead

Is an extension of the Richmond Learning Platform, aimed at providing support to students in their English language learning journey through the reading of complete books. This resource offers students a variety of options to tailor their learning experience to their individual needs and preferences.

#### **How are the readings assigned to students?**

In order for students to have access to the readings, it is necessary for the teacher to unlock and assign them to the class.

Your browser does not support HTML5 video.
