1. Once inside the class, locate the Assignments > Test Assignments module.
2. Enable the **Show closed assignments** switch.
3. Identify the assignment you want to reopen.
4. Click the spinning arrow icon.
5. The configuration section will open, here you will be able to modify the **assignment name, instructions, start time, due date, due time** and **select the students** who will retake the activities.  
*Note: you will see that there are students who already have a score, if you select those students their score will disappear and they will have to retake the test to get a new one.*
6. Once the test has been configured press the **SEND** button.
